# Capture

LOG STAIN

**Natural**

**Hazelnut**

**Wheat**

**Sequoia**

**Bronze Pine**

**Chestnut**

**Autumn Aspen**

**Driftwood**

Above shows a before and after, beginning with bare wood that was prepped with 80 grit sandpaper and finishing with two coats of Capture Log Stain (pigmented) and one coat of Cascade top coat (clear). It was applied by brush on white pine. The color may vary based on the species, texture and porosity of wood, as well as the application technique. Test the stain on an inconspicuous area to make sure you get the color you want.
